

## **Geography -Summer Revision Work - Form 4**

All the topics covered this year must be revised during the summer months. These topics are listed below.

This website has very good short notes, activities and short tests on all the topics: <http://www.bbc.co.uk/schools/gcsebitesize/geography/>

Make a list of definitions and study them well. You should also go through the case studies.

- Rocks and Soils
- Plate Tectonics
- The Hydrological Cycle and Rivers
- Coasts
- Glacial Landscapes
- World Ecosystems
- World Development
- Population
- Migration
- Tourism

You should also know the following case studies:

- ☐ Kobe earthquake, 1995
- ☐ Tsunami of SE Asia, 2004
- ☐ Mount St Helens USA 1980
- ☐ Mount Etna (Sicily)
- ☐ River flooding in Bangladesh
- ☐ Flood control – the Three Gorges Dam
- ☐ Causes and effects of deforestation in the Amazon Rainforest
- ☐ Sustainable Forestry
- ☐ Countries with different levels of development - Japan and Kenya
- ☐ Brazil – distribution and density
- ☐ China: controlling population growth
- ☐ Italy: an ageing population
- ☐ Immigrants into California
- ☐ Migrant workers – Turks in Germany
- ☐ Refugees: on Mediterranean beaches
- ☐ Mountain resort – Courmayeur
- ☐ Safaris in Kenya
